

# It's Time for Fall Fun at Art n'Play

## Read, Paint, Play! This Holiday

The best day of the week for tots and kindergartners is Read, Paint, Play! Fridays at Art n'Play.

Join us in the Halloween-decorated imagination area at **10:45 AM on Friday**—

- **September 9, 23** where we start gearing up for fun fall times by painting pumpkin handprints on trivets.
- **October 14, 21, 28 or Monday the 31st** for a special Halloween package: paint a special spooky item—either a Halloween votive (candle holder), an Art n'Play selected holiday item, or trivet tile. For this special package, **please RSVP** (call 925-479-0222); drop-ins are welcome but trivet painting may result due to limited number of special items.

Read, Paint, Play! is just \$15 (plus tax) each child, age six and under, and includes two hours of playtime in the imagination room, story time, and a ceramic item to paint! Call 925-479-0222 to reserve your child's spot.

# Art Workshops for Kids

We focus on stimulating the creative process, building motor skills, and engaging children through art. Kids enjoy participating in a variety of creative processes through age-appropriate fine arts. And to preserve each child's unique artistic vision, we only use high-quality acid-free paper utilizing quality paints, glues and other art mediums in our workshops.

**Tot/Preschool Art** includes a wide variety of mixed media art and emphasizes "fun and creativity." Tots enjoy working with preschooler mentors as they explore art together, develop meaningful connections, and create without the pressures of staying in the lines or using specific colors. Come prepared to paint, glaze, glue, and create messy art fun! Parents, please plan to participate with your tots (under 3 years). This is process art.

**Big Kid Art** explores mixed media art and emphasizes "creativity and techniques." Here, big kids develop a meaningful connection with art and the ability to create 'out of the box'—art comes from the heart and soul. We call this "fun art" with a little fine art introduction.

**Crazy Art** covers mixed media art and emphasizes "creativity, skill, and techniques." Intermediate to advanced art mediums are presented.

**Youth Art** focuses on drawing and painting...what we like to call "Fine Art 101". In this class, we explore a variety of techniques, art mediums, and artists.

**Teen/Adult** special workshops are held throughout the year. See the front cover for information on the special fall workshop, *Paint Your Favorite Artist*. Additional teen/adult classes are listed below; these include acrylic painting and a tiled tea tray / mosaics (ceramic tiles). Fall 2 teen/adult sessions TBA; see [www.artnplay.com](http://www.artnplay.com).
